ARCHITECTURAL GRILLES & REGISTERS

Flower Pattern

An elegant pattern, also speaking to the delicate sophistication of Europe.

We create custom designs for clients every day, either variations on an existing pattern or completely unique creations.

Proportionally correct larger scale patterns can easily be achieved, for larger grilles and decorative screens.

Grilles can be provided with or without O.B.D. Dampers. Dampers can also be supplied separately.

Grilles can be provided with or without holes. Please specify upon placement of order.

Material: Proprietary Thermal Resin Formulation Can be supplied in any size, in both flat and concave or convex profiles to match the curve of a wall or ceiling.

Please see recommended painting and staining instructions.
