ARCHITECTURAL GRILLES & REGISTERS

# Weave Pattern

An appreciation of the Moroccan pattern, clients enjoy the 3D appearance of this interwoven design. The pattern adds depth and authenticity to a project.

We create custom designs for clients every day, either variations on an existing pattern or completely unique creations.

Proportionally correct larger scale patterns can easily be achieved, for larger grilles and decorative screens.

Grilles can be provided with or without O.B.D. Dampers. Dampers can also be supplied separately.

Grilles can be provided with or without holes. Please specify upon placement of order.

Material: Proprietary Thermal Resin Formulation Can be supplied in any size, in both flat and concave or convex profiles to match the curve of a wall or ceiling.

Please see recommended painting and staining instructions.
